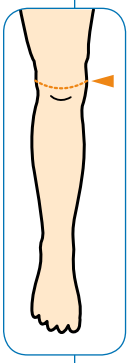
Standard

ROM Hinge



ULTRAWRAP™

UltraWrap is a low-profile, wraparound, hinged knee product with an anterior hook-and-loop closure. Ideal for patients who have difficulty applying a sleeve, the UltraWrap has four contouring pull points for ease of application. These pull points enable patients to correctly fit and easily secure the anterior closure of the garment. Removable, semi-rigid uprights with Accutrac® hinges provide anatomically-accurate tracking, extension control and additional medial/lateral support.

For post-op/rehab applications, try the UltraWrap ROM model. Offering all the features of the standard UltraWrap model, the ROM model is further equipped with new Accutrac ROM hinges, enabling flexion and extension control, including complete lockout.

- Standard UltraWrap model features Accutrac hinges with semi-rigid uprights and interchangable extension stop
  - Extension stops: 0-10°, 10-20°, 20-30°, 30-40°
- UltraWrap ROM model features new Accutrac ROM hinges with semi-rigid uprights and easy-to-use flexion/extension stops
  - Lockout: 0°, Flexion: 45°, 60°, 75°, 90°, Extension: 10°, 20°, 30°, 40°
  - Optional Lockout Kit: Lockout: 10°, 20°, 30°, Flexion: 10°, 20°, 30°
- Textured interior grips skin surface to reduce migration and stimulate neuroreceptors
- Removable, semi-rigid uprights provide medial/lateral support
- Ultra-soft, form-fitting Neoprene hybrid provides superior comfort and contours to the leg
- Elastic-bound garment for improved fit, compression and durablility
- Non-binding, breathable popliteal cutout improves comfort

INDICATIONS

- Mild to moderate strains or sprains of the ACL, MCL, LCL & PCL
- Warmth, compression and proprioception
- UltraWrap ROM model for support with flexion/extension control
- Sturdy posterior, medial and lateral supports

PART#	ROM PART #	SIZE	MEASUREMENTS*
UWXS	UWXSROM	XSmall	12-13"
UWS	UWSROM	Small	13-14"
UWM	UWMROM	Medium	14-15"
UWL	UWLROM	Large	15-16"
UWXL	UWXLROM	XLarge	16-18"
UWXXL	UWXXLROM	XXLarge	18-20"
UW3XL	UW3XLROM	XXXLarge	20-22"
UW4XL	UW4XLROM	XXXXLarge	22-24"

* Measure around center of knee cap with leg fully extended.

Note: Garment may need to be sized up/down if thigh and/or calf width is disproportionate to knee width.
